We believe that the information contained in this document is an accurate description of the typical characteristics and/or uses of the product(s) and is based on information that we believe is reliable. However, it is provided for information only. It is not intended to amount to advice on which you should rely and should not be construed as, or used as a substitute for, professional or specialist advice. In particular, it is the customer's responsibility to thoroughly test the product in each specific application to determine its performance, efficacy, and safety for each end-use product, device or other application. Suggestions of product uses should not be taken as inducements to infringe any particular patent. Mention of a product in this document is not a guarantee of its availability. We reserve the right to modify products, specifications and/or packaging as part of a continuous program of product development. We make no warranties, express or implied, including, without limitation, a warranty of fitness for a particular purpose or of intellectual property noninfringement, including but not limited to patent non-infringement, which are expressly disclaimed, whether express or implied, in fact or by law.

WE BUILD TOGETHER.
